

Project Manager for Construction and Modernisation Projects (m/f/d)

Description

We are looking for a Project Manager for Construction and Modernisation Projects (m/f/d) to start as soon as possible.

Full-time | Permanent | Up to pay grade 12 of the TVöD
Salary classification will depend on individual qualifications.

Responsibilities

- You plan, manage, and deliver complex construction, renovation, and modernisation projects – with a particular focus on energy efficiency and sustainability.
- You ensure quality, timelines, and budgets are met, keeping an overview of all project phases.
- You coordinate interdisciplinary teams and ensure smooth information flow between all stakeholders.
- You continuously optimise processes and are responsible for technical documentation – for maximum efficiency and transparency.
- You monitor compliance with relevant regulations, especially hygiene and safety standards in swimming and thermal baths.

Qualifications

- A completed degree in engineering (at least a university of applied sciences diploma/Bachelor's) qualifying you for the above-mentioned tasks, preferably in architecture or civil engineering.
- Several years of professional experience in the above-mentioned field, ideally in the public sector.
- Sound knowledge of project management.
- A valid driver's licence for passenger cars and willingness to use your private vehicle for business travel (with mileage allowance).
- Strong assertiveness and negotiation skills, along with a structured and solution-oriented approach to work.

At mattiaqua, you'll find more than just a job.
